

# Angie Chafos

Rochester, MN  
Olmsted County

## Why HRAC...

I want to learn more about health issues, and I appreciate and value the efforts of medical institutions and communities in gathering information for research on health issues that affect all of the population.

## Family

One husband and two pampered cats, no children, no grandchildren.

## Occupation

Retired court reporter; now activity-oriented and part-time student.

## Hobbies/Interests

Lacking talent, I am a self-professed professional audience who enjoys music, especially Ella Fitzgerald and Frank Sinatra who are the best lyric interpreters of big band music, and all sorts of the arts and theater.

## Passion

Savoring tasty food.

## Quote(s)

Favorite: One that I connected together from three different sources: Nothing happens until there's action (Albert Einstein); so get up, dress up, show up (Regina Brett); and never, never, never, never give up (Winston Churchill).

Second Favorite: Never argue with an idiot. He will bring you down to his level and beat you with his experience.

## Dream project for next year...

On a personal level, my house and yard need a lot of work that can't be done in a week.

## Learn anything...

Today: Learning how to sculpt a bonsai tree.  
Tomorrow: Something different.

## Scenery to paint...

The sky's bright white sunlight shining on a calm ocean in Israel.
