

Joan Griffin

St. Paul, MN
Ramsey County

Why HRAC...

I strongly believe that to be effective, our research needs to be pertinent and important to the people it is supposed to be helping. Engagement with patients and community members is critical for improving the way healthcare is delivered.

Family

Husband, 3 kids (18, 15, 11), and a dog, Grover.

Occupation

Associate professor (researcher).

Hobbies/Interests

Hiking, biking, reading, cooking, traveling. I love inspirational stories about people who do unexpected things.

Passion

I am passionate about supporting family caregivers in their journey and reducing their burden.

Quote

“The truth does not change according to our ability to stomach it.” Flannery O’Connor

Dream project for next year...

Redecorate my house to my liking.

Learn anything...

It’s between dance really well or learn to speak Spanish.

Scenery to paint...

Probably the view you get from the top of a mountain, after you’ve hiked up it.
